

**WILL HAVE FINE BUILDING.**

First National Bank Will Occupy One of the Best Buildings in the State.

Work is progressing nicely upon the building recently vacated, and which will again be occupied by the First National Bank.

This building is being thoroughly overhauled, and extensive operations are being made. The two rooms will be made into one, which will afford a fine, commodious lobby. The floor will be of stone, the furniture will comprise the best there is for the purpose, and altogether the new First National Bank will be something of which our people may well feel proud.

The success of the First National Bank is a matter of record, and the efficient management is to be congratulated. It is one of the most solid institutions of the kind in the State, and retains a reputation which financiers regard as absolutely safe. The success of this bank is due altogether to the conservatism of those in charge of its affairs, and in whom the public have manifested the greatest confidence.

**THE FALL LETTUCE.**

Shipments About Over, But Movement Will be Renewed About Jan. 10.

The shipment of fall lettuce, which has been quite heavy, is about over and the growers seem perfectly satisfied with their returns.

A prominent commission man remarked to The Sun reporter Thursday that the plant had realized well in the markets of the North and the lettuce crop this season had been a profitable one.

"I don't know how it is," remarked this man, "but the lettuce from the Gainesville section seems to be superior, and always commands a better price. It reaches the market in better condition, and can be selected from a large stock as being fresher and finer looking." The protected lettuce is rapidly maturing, and shipment will begin about January 10th. This plant seems to be thriving vigorously and promises to yield well. The grower who has protected lettuce may expect good returns.

**HAD A BIG HUNT.**

W. A. Strickland and Party Killed Many Deer and Other Wild Game.

Among those who came to this city Friday was Hon. W. A. Strickland of Paradise, one of the oldest and most widely known residents of that section. Mr. Strickland states that he has just returned from a big hunting trip into California swamp, LaFayette county, with his brother, C. C. Strickland of Hague, Claude Stokes and Frank E. Collier. The party was favored with "big luck," having killed seven deer, to say nothing of quantities of wild turkey and other game. Of the seven deer killed Mr. Strickland states that he came out victorious, having shot four. He is one of the most accurate marksmen in the county, and very seldom fails his mark.

**Failed.**

All efforts have failed to find a better remedy for coughs, colds and lung troubles than Foley's Honey and Tar. It stops the cough, heals the lungs and prevents serious results from a cold. J. N. Patterson, Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." J. W. McCollum & Company.

**Remarkable Cure.**

"I was much afflicted with sciatica," writes Ed C. Nud, Iowa, Sedgwick Co., Kan., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used. Have recommended it to a number of persons. All express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm." 25c, 50c and \$1. Sold by W. M. Johnson.

**Rudyard Kipling.**

"Mr. Kipling," writes a fellow passenger to Cape Town with him, "is a small, well knit man with a finely shaped head and a keen, happy face, full of that alertness which one would naturally anticipate from his writings. He has a thick brown mustache, very slightly touched with gray, and heavy dark eyebrows, and he always wears gold rimmed spectacles. He dresses comfortably and neatly and is guilty of none of those extravagant untidinesses usually indulged in by distinguished poets and artists. He did not display a great deal of energy on board. Once or twice he was seen playing rubber quilts with Mrs. Kipling. More often he was pacing the deck, talking or sitting quietly reading. Sometimes he wrote in the smoking room."

**Cured Paralysis.**

W. F. Baily, P. O. True, Texas, writes: "My wife had been suffering five years with paralysis in her arm, when I was persuaded to use Ballard's Snow Liniment, which cured her alright. I have also used it for old sores, frostbites and skin eruptions. It does the work." Sold by W. M. Johnson.

**Breach of Discipline.**

In February, 1748, Lord Robert Bertie, third son of Robert, first duke of Lancaster, afterward general in the army and colonel of the Second regiment of foot guards, received a reprimand, such reprimand being conveyed to him by the Duke of Cumberland's aid-de-camp. His military offense was that he had blown his nose, as he relieved guard, beneath his grace's window in St. James palace; this, and this only, was all he had done.—Chambers' Journal.

**A Fearful Fate.**

It is a fearful fate to have to endure the terrible torture of piles. "I can truthfully say," writes Harry Colson of Masonville, Ia., "that for blind, bleeding, itching and protruding piles, Bucklen's Arnica Salve is the best cure made." Also best for cuts, burns and injuries. 25c at all druggists.

**No Fire Within.**

Times have changed. Our fathers for some strange reason preferred a cold meeting house to one which was warmed by artificial heat. When a stove was put into the Old South church, Boston, in 1783, says J. H. Crandon, a newspaper of contemporary date contained this significant lament: **Extinct the sacred fire of love. Our seal grows cold and dead. In the house of God we find a stove To warm us in their stead.**

**Keep Your Head Clear**

And your stomach free from indigestion if you would be happy with your family and your fellow-man.

The surest thing on earth to get a man's system "out of whack" is heavy, soggy bread, which is caused by several reasons: First, the material may not be good; second, the cooking may be poor. The best flour in the world will make the heaviest bread if improperly mixed or cooked. **WE USE THE BEST FLOUR** and our "long suit" is knowing how to mix and bake it. Our bread does not cost any more than home-made, and in many instances it is so much more palatable.
